<p><b>Secrets &amp; Mysteries of the World</b> - Sylvia Browne - 2006-05-01 For those of us who have always been fascinated by the unexplained—or inadequately explained—secrets and mysteries of this world, Sylvia Browne now brings her great insight. Using a combination of information from her spirit guide Francine as well as her own incredible psychic powers, Sylvia augments current scientific research to provide us with detailed explanations about seeming inexplicable concepts. From the Great Pyramid to Stonehenge, Sylvia reveals amazing facts about some of the world’s most mysterious sites. The truth behind sacred and controversial objects such as the Shroud of Turin and the Holy Grail are brought to light; and fascinating and mystifying topics such as crop circles, the Lost Continent of Atlantis, UFOs, Easter Island, and much more are examined and clarified. Sylvia tears away the obscure and timeworn explanations that hide the underlying truths about these fascinating subjects.</p>

**The Secrets Beneath** - Kathleen Fuller - 2010-11-28
Rebekah Yoder loves a good mystery—that is, until she becomes a part of one. Rebekah Yoder has always been curious . . . or nosy depending on whom you ask. When a Yankee stranger moves into the house next door, she’s fascinated. Who is this strange old man who never waves or smiles? When Bekah sees him digging holes in his back yard, she’s sure there is a case to be solved. Unfortunately, when her cousin blabs the story to the whole school, rumors fly. Is he hiding something? Treasure? Victims? And worst of all, annoying Caleb Mullet is now determined to solve the mystery with her. What they don’t realize is there’s not just secrecy lurking next door—there’s danger. Will Bekah take her curiosity too far? Readers will love journeying with Bekah Yoder as they learn the danger of gossip, the importance of prayer, and the real story of The Secrets Beneath.

**Tall Tails Secret Book Club** - CeeCee James - 2020-12-27
A mysterious mansion, a suspicious death, and a cat too smart for its own goodWhen Laura Lee took the summer job as a housekeeper at the old Thornberry Estate, she knew it was a creepy place, but she had no idea how creepy. Mrs. Fitzwater warned her to keep her mind on her work and her nose in her own business, but one thing after another leads her astray, between the mansion giving up its puzzles as she goes about her work, fun secrets to share with the clever ladies in her book club who are always up for a mystery, and a cat that seems to know more than she does. The death of a chauffeur just outside the estate gates changes everything and suddenly creepy turns to deadly as Laura Lee finds herself in the middle of a murder investigation. When the police seem unable to solve the crime, can Laura Lee and her intrepid club find the killer before the killer finds Laura Lee?

**The Secret** - Sean Kelly & Ted Mann & Byron Preiss - 2014-03-18
The tale begins over three-hundred years ago, when the Fair People—the goblins, fairies, dragons, and other fabled and fantastic creatures of a dozen lands—fled the Old World for the New, seeking haven from the ways of Man. With them came their precious jewels: diamonds, rubies, emeralds, pearls
But then the Fair People vanished, taking with them their twelve fabulous treasures. And they remained hidden until now
Across North America, these twelve treasures, over ten-thousand dollars in precious jewels in 1982 dollars, are buried. The key to finding each can be found within the twelve full-color paintings and verses of THE SECRET. Are you smart enough? THE SECRET: A TREASURE HUNT was published in 1982. The year before publication, the author and publisher Byron Preiss had traveled to 12 locations in the continental U.S. (and possibly Canada) to secretly bury a dozen ceramic casques. Each casque contained a small key that could be redeemed for one of 12 jewels Preiss kept in a safe deposit box in New York. The key to finding the casques was to match one of 12 paintings to one of 12 poetic verses, solve the resulting riddle, and start digging. Since 1982, only two of the 12 casques have been recovered. The first was located in Grant Park, Chicago, in 1984 by a group of students. The second was unearthed in 2004 in Cleveland by two members of the Quest4Treasure forum.

<p><b>The Secrets &amp; the Mysteries of Genesis</b> - William John Meegan - 2003 The author brings the reader thoughtfully into the mystical realm that has been esoterically written (coded) into antiquity’s literature, art works, and monuments. With the use of simple mathematical and linguistic patterns the scribes of antiquity had a far different spiritual and educational agenda in mind then that which is given on the surface of their literature and historical texts. The ancient sages left behind libraries (Hall of Records) of their teachings outlining this spiritual esoteric science: the Word of God, hiding them in plain sight: just beneath the surface of the world’s literary, religious, and historical texts. The true and authentic message emanating from the spiritual realm, to the individual initiate, is that no matter how intelligent the world proclaims itself to be it knows absolutely nothing about anything when compared to its wisdom. The only way the scribes of antiquity could demonstrate that fact was to establish it on such a colossal worldwide scale the initiate would not even think of questioning its efficacy. The sages of antiquity wanted to educate only the most sincere seekers in search of spiritual truth: only those that had enough (fleeing mentally from) of the facade of the material existence that nothing would deter them from knowing the truth. Using the esoteric (hidden) symbolism that is inherent in the facade of the material realm the ancients esoterically coded this spiritual science into their literature, art works, and monuments without leaving obvious clues to it existence: rather they left 'common sense' clues. Most important, this science would be there in the literature and sacred scriptures of the world waiting for those that really wanted to know the truth concerning their human and spiritual conditon. This science was written for those that wanted it not for those that needed it. By using the texts of the Hebrew Torah especially employing the 1st chapter of Genesis, Dante Alighieri’s (1265-1321) "Divine Comedy", the Great Pyramid, and much more the author demonstrates the systematic and scientific utilization of archetypal motifs that literally permeates them with linguistic and mathematical scenarios, which outlines a universal cosmic spiritual system of thought, unknown to the religious and academic communities around the world in modern times. There are many intriguing scientific discoveries outlining the esoteric science in this work. The insights envisaged through this paradigm will become a treasure chest of spiritual ideas and milestones for the reader: hopefully encouraging the initiate to search for ultimate spiritual truth via his or her own self- motivated efforts and possibly even to become an individual that will enhance mankind’s understanding of God’s Word, which I have defined, and have come to acknowledge, as the esoteric science. This work will become the seminal textbook outlining the rudiments of the esoteric science and it will become the criterion by which all future generations will study hermeneutics in relationship to the literature, art works, and monuments of antiquity. All future discoveries in this science will be judged by its standards.</p>

**Keeping Secrets** - L. A. Dobbs - 2017-05-15
When long-time White Rock resident Mike Donnelly is found dead at his hunting camp, it appears as if the tragic death was by his own hand. But a gut feeling tells Chief of Police Sam Mason otherwise. Is it any coincidence that Mike's family farm sits smack in the middle of a parcel of land that greedy Lucas Thorne desperately needs to complete the development of his resort? Sam and Sergeant Jody Harris's line of questioning stirs up a hornet's nest. When Thorne threatens to expose a secret from Sam's past, Sam realizes the corruption in White Rock runs deeper than he ever suspected. And when a startling discovery surrounding slain officer Tyler Richardson is brought to light, Sam and Jo discover that you never can tell who might be keeping secrets.

**History's Greatest Mysteries** - Bill Price - 2017-01-29
History's Greatest Mysteries delves into the grey areas to examine the imponderable and sometimes unlikely stories of actual events and real people. From the gruesome murders committed by Jack the Ripper to the whereabouts of Lord Lucan, and from the loss of an entire continent to the case of a missing racehorse, we take a canter through history in an effort to shed a little light on to questions which, in all honesty, are never going to yield definitive answers. Some of the stories related in the following pages are deadly serious, some rather less so. There are cases of determined individuals who have struggled against the odds in an attempt to unravel the truth, while in others people have not let the facts get in the way and have made up any old nonsense by way of an explanation.

**The House of Secrets** - Brad Meltzer - 2016-06-07
A secret worth killing for, a woman with no past, and an act of treason that changed America: #1 bestselling author Brad Meltzer returns with The House of Secrets. "When Hazel Nash was six years old, her father taught her: mysteries need to be solved. He should know. Hazel's father is Jack Nash, the host of America's favorite conspiracy TV show, The House of Secrets. Even as a child, she loved hearing her dad's tall tales, especially the one about a leather book belonging to Benedict Arnold that was hidden in a corpse. Now, years later, Hazel wakes up in the hospital and remembers nothing, not even her own name. She's told she's been in a car accident that killed her father and injured her brother. But she can't remember any of it, because of her own traumatic brain injury. Then a man from the FBI shows up, asking questions about her dad -- and about his connection to the corpse of a man found with an object stuffed into his chest: a priceless book that belonged to Benedict Arnold. Back at her house, Hazel finds guns that she doesn't remember owning. On her forehead, she sees scars from fights she can't recall. Most important, the more Hazel digs, the less she likes the person she seems to have been. Trying to put together the puzzle pieces of her past and present, Hazel Nash needs to figure out who killed this man -- and how the book wound up in his chest. The answer will tell her the truth about her father, what he was really doing for the government -- and who Hazel really is. Mysteries need to be solved. Especially the ones about yourself."

**The House of Secrets** - Brad Meltzer - 2016-06-07
A secret worth killing for, a woman with no past, and an act of treason that changed America: #1 bestselling author Brad Meltzer returns with The House of Secrets. "When Hazel Nash was six years old, her father taught her: mysteries need to be solved. He should know. Hazel's father is Jack Nash, the host of America's favorite conspiracy TV show, The House of Secrets. Even as a child, she loved hearing her dad's tall tales, especially the one about a leather book belonging to Benedict Arnold that was hidden in a corpse. **The Secret Detectives** - Ella Risbridger - 2021-06-03
A gripping, beautifully written historical mystery, from an incredible new voice in children's fiction. The body seemed to fall for a long time. There was no splash, or if there was it was lost in the waves. Isobel was frozen to the spot for a moment - and then her common sense caught up with her, and she stepped back quickly into the shadows. When Isobel Petty is orphaned, she finds herself being taken away from her home in India and sent to live with a distant uncle in England. On board the S.S. Marianna, she witnesses a shocking act - somebody being thrown overboard in the middle in the night. But when the ship's captain insists that nobody is missing, Isobel and her two new reluctant friends must solve two mysteries - the identities of both the murderer and the victim - before they reach England and the culprit has the chance to escape. Inspired by The Secret Garden and the golden age of crime writing, The Secret Detectives is perfect for fans of Robin Stevens and Katherine Rundell. "A thoroughly entertaining mystery and a heartening story of friendship. I loved it." - Katherine Woodfine, author of The Mystery of the Clockwork Sparrow

**The Name of this Book Is Secret** - Pseudonymous Bosch - 2008-09-01
Read the series that’s sold more than 2 million copies--if you dare! Warning: this description has not been authorized by Pseudonymous Bosch. As much as he’d love to sing the praises of his book (he is very vain), he wouldn’t want you to hear about his brave 11-year old heroes, Cass and Max-Ernest. Or about how a mysterious box of vials, the Symphony of Smells, sends them on the trail of a magician who has vanished under strange (and stinky) circumstances. And he certainly wouldn’t want you to know about the hair-raising adventures that follow and the nefarious villains they face. You see, not only is the name of this book secret, the story inside is, too. For it concerns a secret. A Big Secret.

**TIME-LIFE Mysteries of the Criminal Mind** - TIME-LIFE BOOKS - 2015-12-15

Is it nature or nurture that shapes a serial killer? What drives a person to become a kidnapper or a terrorist? And can such behaviors be predicted--or even stopped before they occur?

As advances in science unlock the secrets of our DNA and reveal the inner workings of the human brain, Time-Life Books explores the fascinating findings that are shedding new light on the criminal mind. What role does birth order, divorce, media influence, and other societal pressures play in how criminals are formed?

By examining some of the most notorious criminals from history and our modern era--from Al Capone and Charles Manson to Scott Peterson and Dzhokhar Tsarnaev--and their characteristics, the nature of their deeds and the possible formation of their pathologies. Readers will explore the roots of crime, going on the streets to meet the authorities who deal with criminals on a daily basis and have developed unique insights into the criminal mentality.

Packed with infographics, sidebars and lists, this book is a compelling yet easy introduction to the new age of crime and punishment--a must-read for anyone who wants to understand how crimes begin and how we can help end them.

**The Book of Unexplained Mysteries** - Will Pearson - 2019-10-17
Everybody loves a good mystery and sometimes the questions can be more interesting than the answers. Will Pearson investigates twenty unique mysteries with their broad spectrum of strangeness. Some, like the sudden disappearance of the sailing ship Mary Celeste’s passengers and crew have gained universal currency. Was the Wow! Signal a radio transmission form deep space, or was it the ambient resonating frequency of a passing comet? Cryptids like Bigfoot and the Loch Ness Monster teeter on the boundaries of probable and improbable, hoax and reality, fact and fiction. Whether it be the intrigue of lost civilisations, like Göblekli Tepe in Turkey, sensationalist interest in The Zodiac Killer, or the elusive Shugborough Code that neither Dickens nor Darwin could crack, each unsolved mystery presents a challenge in its own way. Occasionally, it can feel as if there’s a conspiracy at work - one in which scientists, journalists and ‘professional explainers’ want to put an end to anything and everything mysterious in life. Thankfully, not everything can be nailed down, sucked dry of its secrets and turned into a factoid. Mysteries do still exist - and continue to tease us. Sceptic or believer, the fun lies in probing them.

**Hidden Secrets** - Manish - 2020-10-10

book explains how to live a tension- free life." - DAINIK SAVERA
The ‘SECRET’ has been hidden for ages and made known only to a select few. Even enlightened saints have tried to hide it. Even though this secret is mentioned in all religious, various sects/ groups patented this Ultimate Truth as their own knowledge & thus unavailable for the common men. But, the time has come to reveal this secret. In this book, I will reveal “THE SECRET”, based on my own experience of ‘ENLIGHTENMENT’. This book, which is the first in the series of seven books, will guide you on this uphill task of SELF-REALIZATION, but with easy examples that you can relate to: like a smartphone. I promise you that at the end of this seven-part journey, you can experience God: THE ULTIMATE TRUTH. Precisely speaking, this book is a complete guide for successful materialistic and spiritual life (AWAKENING) and it can answer your all queries.

**4QInstruction** - Matthew J. Goff - 2013-08-15
The wisdom tradition of ancient Israel, represented in the Hebrew Bible by Proverbs, Job, and Ecclesiastes and in the Apocrypha by Ben Sira and the Wisdom of Solomon, is also well-attested in the texts from Qumran. 4QInstruction (1Q26, 4Q415-418, 4Q423), the largest wisdom text of the Dead Sea Scrolls, is considered a sapiential text primarily because of its explicit and insistent pedagogical nature. To make this significant wisdom text more widely available, this volume offers a critical edition, translation, and commentary on the main fragments of 4QInstruction. It examines particular texts of 4QInstruction as well as broader issues, including its date, genre, main themes, and place in Second Temple Judaism. Finally, in order to contextualize this pivotal work, 4QInstruction’s relationship to the sapiential and apocalyptic traditions is also explored.
