Soviet Lexicon Important Concepts Terms And Phrases - Andrei Reznikov - 2001

In this volume, the contributors have provided an omnibus lexicon of Soviet concepts, terms, and phrases that were in active use from 1918 to 1990. The lexicon includes hundreds of important concepts that were central to the Soviet Union, its history, and its culture. Each entry is defined and often includes several definitions to convey the range of meanings and connotations associated with the term. The entries are organized alphabetically, and each includes a brief introduction that situates the term in historical and cultural context.

Key Features:
- More than 1,000 entries
- Definitions of important Soviet concepts, terms, and phrases
- Historical and cultural context for each entry
- Glossary of terms
- Index

This lexicon is an essential resource for researchers, students, and anyone interested in understanding the political, social, and cultural history of the Soviet Union. It offers a unique perspective on the language and thought of this singular period in world history.

Customer Reviews

Review 1

This book is a valuable resource for anyone interested in Soviet history. It provides a comprehensive overview of the key concepts and terms that were central to Soviet life from 1918 to 1990. The entries are well-written and easy to understand, and the historical context provided for each term is particularly informative. I would definitely recommend this book to anyone studying Soviet history.

Review 2

This lexicon is an absolute must-have for anyone interested in Soviet history. It is well-researched and comprehensive, and the entries are easy to understand. The historical context provided for each term is particularly helpful in understanding the nuances of Soviet language and thought.
